

NEW ERMA TRIMMING HANDLE

for Microtome Blades

Part No. 08-660-2

[Shop](#)

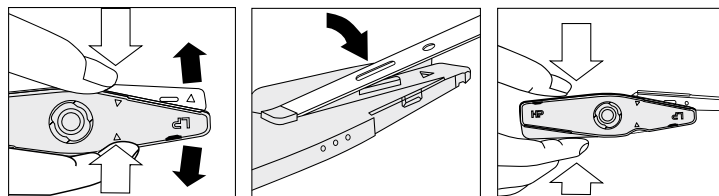

Unique Snap-Lock Mechanism for safety

- This new safety designed trimming holder can be used with all brands of disposable microtome blades to cut-up.
- The Trimming Holder comes with a unique built-in Snap-Lock mechanism which holds the blade firmly in place.
- The handle is heat resistant, chemically resistant and can be autoclaved.

Mount the blade in just few simple steps:

Press to release and open the trimming holder, mount the blade, then close to secure the blade firmly.

Part No.	Description	Qty
08-660-2	Trimming Handle For Microtome Blade Shop	5 per pack

The trimming holder is fully compatible and can be used with the ERMA Microtome Blades. (Microtomes blades sold separately)
