**FOOD INDUSTRY
LABORATORY
CATALOGUE** V.2

With over 10 years of experience supplying equipment and consumables to laboratories across Australia, Pacific Laboratory Products specializes in sourcing the latest technologies to facilitate processes along the broad range of applications for the food and beverages industry.

This product guide showcases a selected range of instruments handpicked specially for the food and beverages sector.

We also count on our factory trained and highly experienced service department to repair or maintain the instruments supplied *. For your peace of mind, our commitment to quality is backed up with industry standard certifications for our operations as well as the products supplied.

We trust this product selection provides an overview of the different ranges of products that PacificLab is ready to supply.

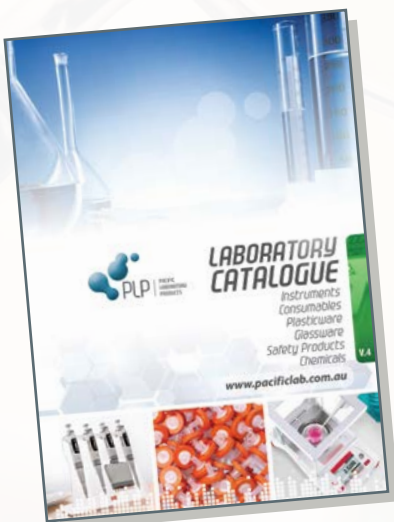

For detailed information and pricing, please contact a sales representative at: sales@pacificlab.com.au

Equipment

Autoclaves

With a great record of safe performance, Astell® Scientific Manufactures a large range of autoclaves and sterilizers for the Laboratory sector. Whether you are looking to sterilize cultures, petri dishes or laboratory apparatus, Astell Scientific have a solution for you. PacificLab promotes five different ranges of autoclaves varying from 33 Litres up to 344 litres including stackable units.

For more information, please contact one of our product specialists at: sales@pacificlab.com.au or simply dial free: 1800 723 405

Balances & Scales

A wide selection of balances and scales is available at Pacific Laboratory Products, ranging from basic scales up to sophisticated digital weight analyzers. These durable and reliable balances deliver outstanding performance and are ideal for any laboratory application.

Analytical Precision Moisture Analyzers Portable

The intuitive touch-screen control panels featured across the range improves user experience making these devices simple to use.

Ohaus balances are designed to cover a wide range of applications in and out of the laboratory, their portfolio of products is constantly updated offering solutions for any laboratory.

For more information, please contact one of our product specialists at: sales@pacificlab.com.au or simply dial free: 1800 723 405

Centrifuges

Multipurpose centrifuge for the dairy laboratory with 3 pre-programmed speeds for:

- Gerber Butyrometers (350 x g)
- Solubility index in milk powder (164 x g)
- Extraction tubes Roesse-Gottlieb/Mojonnier (80 x g)

Other Centrifuges for various applications are also available, for more information please contact one of our product experts at sales@pacificlab.com.au.

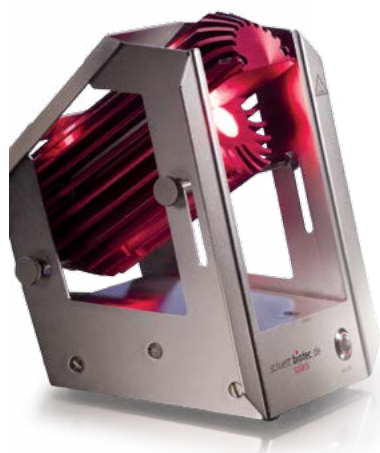

Liquid Handling

Labnet

PacificLab stocks a selected range of instruments that can assist you to minimize your efforts when it comes to liquid handling. Ranging from Pipette Fillers, Pumps, Macro Controllers as well as electronic Pipette controllers.

Simply contact sales@pacificlab.com.au to find out what could be the best solution for your application.

Loop Sterilizer

schuett-biotec

Sterilization of inoculating loops, tweezers and small instruments within seconds.

- Electrical, no gas needed, no open flame
- Instant-ready-to-use, no warm-up time, no waiting
- Sterilization temperature 900 – 1,300 °C, 1,650 – 2,370 °F
- Touch-free START, with IR- sensor and integrated timer
- Economical, low-cost operation

Magnetic Stirrers

DAIHAN Scientific **Labnet**

PacificLab offers reliable, low cost, general purpose laboratory magnetic stirrers and hotplate. The units are available as single or multiple, with alloy, PTFE or ceramic coated surfaces. Simmerstat units heat on a 1-10 scale to approx 400°C. Thermostat units control the plate temperature in degrees from 50° to 320°C. Magnetic Stirring action provides speeds from approx 150 to 1500 RPM.

For more information, please contact one of our product specialists at: sales@pacificlab.com.au or simply dial free: 1800 723 405

MRL Testing
BALLYA

VALIDATED

Milk Testing

Essential in identifying antibiotic residual in milk, MRL test kits are ideal to be used in the laboratory as well as in the field. PacificLab offers a selected variety of tests providing an accurate, simple and rapid solution. (Beta-Lactams, Tetracyclines, Sulfonamide, Aflatoxin, Gentamicin, Neomycin.)

Cryostar is capable to measure quickly and reliably the freezing point of milk. The device is small, light and easy to handle, with all settings and calibration values retained in a non-volatile memory.

CryoStar

Ovens & Incubators

PacificLab offers a comprehensive range of incubators & ovens from reliable manufacturers suitable for any laboratory application. All ovens and incubators are backed up with the solid reputation acquired by these agencies over decades of supplying solutions for the scientific industry.

For more information simply contact one of our sales representatives at: sales@pacificlub.com.au

pH Electrodes

- High quality electrodes developed by Ohaus® and Radiometer Analytical
- Designed for wine, juice, waste water and other applications
- Low maintenance
- Electrode stands also available
- Comprehensive range of electrodes including Conductivity electrodes, Ion selective electrodes, K⁺, NO₃⁻, Cl and more.

pH Meters Benchtop/Portable

Hach® sensION+ all in one systems are equipped with guided navigation which facilitates any testing with speed and simplicity.

The Ohaus® Starter Series benchtop meters are the new generation of meters developed to provide from basic to comprehensive analysis.

pH Meters Handheld

With numerous options available, PacificLab offers convenient, easy to use portable solutions for pH, ORP, Conductivity, TDS, Salinity, and Temperature measurements delivering accurate results.

Hach® and Ohaus® ranges, both offer analyzers suitable for food & beverage applications. Operators can rely in the quality of the instruments from these two major manufacturers.

Pipettes & Tips

Pipettors are especially designed for routine lab and research applications. The Biopettes from Labnet offer superb performance at a competitive price. Volume ranges from 0.1 to 10,000 μ l.

Axygen Tips are also available at Pacific Laboratory Products, micro-centrifuge tubes and racks sizes include the popular 10, 200, 1000 and 5000 μ l sizes.

Refractometers Handheld

A selected range of refractometers is available at PacificLab. These refractometers are ideal to work in applications for analyzing almost any fruit juice, food, or drink, such as soup, sauce, ketchup, tomato sauce, low-sugar jam, or marmalade.

PacificLab stocks Atago® refractometers as well as other high quality Japanese brands.

Shakers & Mixers

The Benchtop Shakers from LABWIT® offer small capacity shaking for all kind of laboratories. The general purposes shakers from Ohaus also offer great control through the LED display and the microprocessor provides consistent uniform shaking action.

Labnet® Shakers and Mixers are also a great alternative, based in U.S. Labnet delivers reliable high quality equipment for laboratories worldwide.

Spectrophotometers

Considered popular devices in beverage analysis, spectrophotometers are widely used in wine industry laboratories. A selected range of units, including UV/VIS models with a variety of accessories are available. PacificLab also offers service and maintenance for the instruments supplied.

Titralab Systems

Meet the new generation of automatic titrators from **HACH**[®]. The AT1000 series of automatic titrators can be operated by any team member as no chemistry knowledge is required. Individual applications are run from a USB key which makes the process straight forward avoiding manual calculations.

- Simple setup and operation
- Obtain reliable titration results
- Low cost and simple maintenance

Vacuum Pumps & Filtration Systems

ROCKER

Packed with useful features to suit any laboratory task, Rocker[®] vacuum system & filtration units feature solid construction, small footprint as well as unmatched reliability backed up with up to two years warranty.

If you are looking for a solution for vacuum laboratory tasks, these units are ideal as they are free maintenance with low noise operation.

Accessories as well as full systems are available. A complete system includes vacuum pump, manifold, waste bottle and filter holders. Application uses may vary from filtration of suspended solids, microbiology tests, chemical experiments and or general laboratory filtration.

Water Baths

Labnet

LABWIT

A complete selection of water baths and temperature regulators is available. Pacificlab stocks waterbaths from two major manufacturers Labwit[®] and Labnet[®], all units combine unmatched reliability and durability, delivering superior temperature control as well as uniformity. The Water baths from Labwit[®] baths are also available with shaking features.

Solutions & Reagents

Buffers

S11M003 - S11M004

S11M005 - S11M006

Cost-effective Buffers manufactured to Radiometer Analytical specifications. A selected range of buffers is available with or without certification

- Shelf life up to 4 years
- Great variety of buffers available

To obtain a full list of Buffers and Solutions [simply Click here](#)

Food & Beverage Hygiene

(Microbial testing systems, environmental sampling)

From microbial testing to environmental sampling including tests for hygiene monitoring, PacificLab offers solutions in food hygiene sourced from the best agencies in the market such as Hygiena, HyServe, DeltaLab, Puritan, MedicalWire and Microgen Products.

Generally used in microbiological sample collection, swabs can also be used in a wide range of applications in the food and beverage industry.

If unsure on what is the best product for your application, please contact one of our product specialist at: sales@pacificlab.com.au.

Plasticware

With a great selection of plasticware, PacificLab is ready to supply a wide range of products to help you test, assess and measure all your parameters for any food and/or beverage analysis. *(Other Plasticware ranges also available - not included in the following selection)*

Beaker, Graduated, PP, Low Form

Code No	Product Information	Unit	Pack
100.303.01	Beaker 50ml PP with moulded graduation and spout Autoclavable	Each	1
100.303.02	Beaker 100ml PP with moulded graduation and spout Autoclavable	Each	1
100.303.03	Beaker 250ml PP with moulded graduation and spout Autoclavable	Each	1
100.303.04	Beaker 500ml PP with moulded graduation and spout Autoclavable	Each	1
100.303.05	Beaker 1000ml PP with moulded graduation and spout Autoclavable	Each	1
100.303.06	Beaker 2000ml PP with moulded graduation and spout Autoclavable	Each	1

Beaker, TPX

Graduated, Polymethylpentene with graduation and spout

Code No	Product Information	Unit	Pack
1546	Beaker Graduated TPX 500ml, Kartell	Each	1
1548	Beaker Graduated TPX 1000ml, Kartell	Each	1

Bottle, Water

Code No	Product Information	Unit	Pack
SWB250G	Bottle Water 250ml, Dosed Sodium thio, Gamma, White Cap	Pack	250
SWB350G	Bottle Water 350ml, Dosed Sodium thio, Gamma, White Cap	Pack	150
SWB500G	Bottle Water 500ml, Dosed Sodium thio, Gamma	Pack	100

Bottle, Aspirator, Heavy Duty

Code No	Product Information	Unit	Pack
1660	Bottle Aspirator 5 ltr, HDPE, Heavy duty, with tap	Each	1
108.303.01	Bottle Aspirator 6 ltr, PP with tap	Each	1
108.303.02	Bottle Aspirator 10 ltr, PP Leakproof tap autoclavable	Each	1
1662	Bottle Aspirator 10 ltr, HDPE, Heavy duty	Each	1
108.303.03	Bottle Aspirator 20 ltr, PP with tap	Each	1

Bottle, Reagent, Narrow Mouth

Code No	Product Information	Unit	Pack
106.303.01	Bottle Reagent 60ml, Polypropylene, Narrow Mouth	Each	1
106.303.02	Bottle Reagent 125ml, Polypropylene, Narrow Mouth	Each	1
106.303.03	Bottle Reagent 250ml, Polypropylene, Narrow Mouth	Each	1
106.303.04	Bottle Reagent 500ml, Polypropylene, Narrow Mouth	Each	1
106.303.05	Bottle Reagent 1000ml, Polypropylene, Narrow Mouth	Each	1

109.303.01

Bottle, Reagent, Wide Mouth

Code No	Product Information	Unit	Pack
107.303.01	Bottle Reagent 60ml, Polypropylene, Wide Mouth	Each	1
107.303.02	Bottle Reagent 125ml, Polypropylene, Wide Mouth	Each	1
107.303.03	Bottle Reagent 250ml, Polypropylene, Wide Mouth	Each	1
107.303.04	Bottle Reagent 500ml, Polypropylene, Wide Mouth	Each	1
107.303.05	Bottle Reagent 1000ml, Polypropylene, Wide Mouth	Each	1

1638/

Bottle, Wash, Polyethylene

Code No	Product Information	Unit	Pack
109.303.01	Bottle Wash 125ml PE, Flexible delivery tube	Each	1
109.303.02	Bottle Wash 250ml PE, Flexible delivery tube	Each	1
109.303.03	Bottle Wash 500ml PE, Flexible delivery tube	Each	1
109.303.04	Bottle Wash 1000ml PE, Flexible delivery tube	Each	1

Bottle, Wash, Graduated, Wide Mouth, Colour Coded

Code No	Product Information	Unit	Pack
1637/10	Bottle Wash 250 ml PE Grad. Wide Mouth, Colour Coded Cap Red	Each	1
1638/04	Bottle Wash 500 ml PE Grad. Wide Mouth, Colour Coded Cap Blue	Each	1
1638/06	Bottle Wash 500 ml PE Grad. Wide Mouth, Colour Coded Cap Yellow	Each	1
1638/10	Bottle Wash 500 ml PE Grad. Wide Mouth, Colour Coded Cap Red	Each	1

1633

Bottle, Wash, Integral, Polyethylene

Code No	Product Information	Unit	Pack
1633	Bottle Wash 250ml PE, Oval Shape with Integral Side Spout	Each	1
1634	Bottle Wash 500ml PE, Oval Shape with Integral Side Spout	Each	1

Bottle, Wash, Labelled

Code No	Product Information	Unit	Pack
144084	Bottle Wash 500ml PELD, Labelled Distilled Water, White Cap	Each	1
144085	Bottle Wash 500ml PELD, Labelled Acetone, Red Cap	Each	1
144086	Bottle Wash 500ml PELD, Labelled Methanol, Green Cap	Each	1
144087	Bottle Wash 500ml PELD, Labelled Isopropanol, Blue Cap	Each	1
144088	Bottle Wash 500ml PELD, Labelled Ethanol, Orange Cap	Each	1

Caps

* Wide range of Caps, Closures and Stoppers is also available at www.pacificlab.com.au

Container 25ml, Flat Bottom, Screw Cap

* also available in Polystyrene

Code No	Product Information	Unit	Pack

Glassware

Considered one of the most successful companies in the Scientific Glassware manufacturing industry, Glassco's glassware is recognized for its quality and reliability. PacificLab stocks a large selection range of interchangeable, disposable and general glassware manufactured from ASTM E-438 Type1 as well as Class A Boro 3.3 Glass.

(Other Glassware ranges also available - not included in the following selection)

General Glassware

Beaker, Borosilicate Glass, Graduated with Spout

Low Form

Code No	Product Information	Unit
229.202.02	Beaker, Glass 10ml, Low Form with Graduation and Spout	Each
229.202.03	Beaker, Glass 25ml, Low Form with Graduation and Spout	Each
229.202.04	Beaker, Glass 50ml, Low Form with Graduation and Spout	Each
229.202.05	Beaker, Glass 100ml, Low Form with Graduation and Spout	Each
229.202.06	Beaker, Glass 150ml, Low Form with Graduation and Spout	Each
229.202.07	Beaker, Glass 250ml, Low Form with Graduation and Spout	Each
229.202.08	Beaker, Glass 400ml, Low Form with Graduation and Spout	Each
229.202.09	Beaker, Glass 600ml, Low Form with Graduation and Spout	Each
229.202.10	Beaker, Glass 1000ml, Low Form with Graduation and Spout	Each
229.202.11	Beaker, Glass 2000ml, Low Form with Graduation and Spout	Each
229.202.13	Beaker, Glass 3000ml, Low Form with Graduation and Spout	Each

Tall Form

Code No	Product Information	Unit
230.202.02	Beaker, Glass 50ml, Tall Form with Graduation and Spout	Each
230.202.03	Beaker, Glass 100ml, Tall Form with Graduation and Spout	Each
230.202.04	Beaker, Glass 150ml, Tall Form with Graduation and Spout	Each
230.202.05	Beaker, Glass 250ml, Tall Form with Graduation and Spout	Each
230.202.06	Beaker, Glass 400ml, Tall Form with Graduation and Spout	Each
230.202.07	Beaker, Glass 600ml, Tall Form with Graduation and Spout	Each
230.202.08	Beaker, Glass 1000ml, Tall Form with Graduation and Spout	Each

258.202.01

Filtration Glassware

Filter Glass Membrane, 47mm with Clamp, 300ml Funnel and 1Ltr Flask, Complete

258.202.01 This is used in vacuum filter aqueous, organic or corrosive liquids for particulate contamination analysis. Also recommended for HPLC solvent filtration.

Specifications:

Materials: Borosilicate glass funnel, base and tubulated cap; anodized aluminium spring clamp; fritted glass filter support

Filter Diameter (mm): 47

Filtration Area (cm²): 9.6

Funnel Capacity (ml): Funnel: 300ml; Flask: 1Ltr

Outlet Fitting: 6mm (1/4 in.) O.D. tubulated cap sidearm to vacuum

Replacement Parts:

258.245.01 Glass Funnel, 300mL, Borosilicate

258.245.02 Spring Clamp, 47mm, Aluminium
